

UNITED STATES DISTRICT COURT  
SOUTHERN DISTRICT OF NEW YORK

JAMES OWENS, et al.

*Plaintiffs,*

v.

TALIBAN a/k/a ISLAMIC EMIRATE OF  
AFGHANISTAN

*Defendant.*

Civil Action No. 22-cv-01949 (VEC)

**SECOND SUPPLEMENTAL DECLARATION OF MATTHEW D. MCGILL  
IN SUPPORT OF ENTRY OF DEFAULT JUDGMENT**

I, Matthew D. McGill, hereby declare as follows:

1. I am an attorney duly licensed to practice law in the State of New York and am admitted to the bar of this Court. I am a partner at Gibson, Dunn & Crutcher LLP and counsel for Plaintiffs in the above-captioned matter. I am over the age of 18, I have personal knowledge of the facts stated herein, and if called to testify, I could and would competently testify to these facts.

2. I make this Second Supplemental Declaration pursuant to the Court's Order of March 16, 2023, Dkt. 99, and in accordance with Rule 55(b) of the Federal Rules of Civil Procedure, Local Civil Rule 55.2(b), and the Court's Individual Rules of Practice in Civil Cases, in support of entry of default judgment against Defendant Taliban a/k/a Islamic Emirate of Afghanistan.

3. This Second Supplemental Declaration supplements my Declaration in Support of Entry of Default Judgment filed on July 14, 2022, Dkt. 74 ("July 14, 2022 Declaration"), and my Supplemental Declaration in Support of Entry of Default Judgment filed on March 6, 2023, Dkt. 87 ("March 6, 2023 Declaration").

4. Pursuant to the Court's Order of March 16, 2023, Dkt. 99, the purpose of this Second Supplemental Declaration is to provide the Court with updated calculations of Plaintiffs' requested prejudgment interest assuming an April 5, 2023 judgment date.

5. As indicated in the March 6, 2023 Declaration, Plaintiffs had sought the following damages: base compensatory damages of \$1,365,542,626.56; total compensatory damages of \$1,899,416,611.92 (*i.e.*, base compensatory damages plus \$533,873,985.36 of prejudgment interest); punitive damages of \$3,291,109,761.26; and a total award (total compensatory damages plus punitive damages) of \$5,190,526,373.18, plus postjudgment interest. *See* Dkt. 87, ¶ 14. As the Court noted in its Order of March 16, 2023, the prior calculation of \$533,873,985.36 in prejudgment interest—a component of Plaintiffs' total compensatory damages—was based on an assumed judgment date of March 10, 2023. *See* Dkt. 99, at 1; Dkt. 87, ¶¶ 9, 11–13. The Court directed Plaintiffs to update their damages calculations to reflect the prejudgment interest that has accrued “assuming an April 5, 2023 judgment date.” Dkt. 99, at 1. Accordingly, this Second Supplemental Declaration supplants paragraphs 10, 11, 12, 13, and 14 of the March 6, 2023 Declaration (which, in turn, supplanted paragraphs 60, 61, 63, 64, and 65 of the July 14, 2022 Declaration), as follows.<sup>1</sup>

6. In keeping with Judge Bates' method of calculation, this Court should calculate prejudgment interest for Plaintiffs encompassed by the prior *Owens*, *Mwila*, and *Khaliq* judgments as follows: Since Judge Bates' award of compensatory damages for the injuries sustained in the

---

<sup>1</sup> Because prejudgment interest is a component of total compensatory damages, the updated damages calculations provided herein and in the appended table thus reflect increases in Plaintiffs' requested total compensatory damages as compared to the March 6, 2023 Declaration. Because prejudgment interest is not a component of Plaintiffs' base compensatory damages or punitive damages, those amounts remain the same as the amounts requested in the March 6, 2023 Declaration.

bombings included prejudgment interest calculated through 2014,<sup>2</sup> this Court should calculate prejudgment interest from 2015 to present. The first step is to multiply \$1.00 by the average federal prime rate for 2015 (3.26%) and to add that amount to \$1.00, which yields 1.03260.<sup>3</sup> The next step is to multiply 1.03260 by the average federal prime rate for 2016 (3.51%) and to add that amount to 1.03260, which yields 1.06884. This iterative process should be continued through 2023. Since the average prime rate for 2023 is not yet available, following Judge Bates, the Court should estimate the 2023 rate based on the average of the previous five years (4.368%).<sup>4</sup> *See Owens v. Republic of Sudan*, No. 01-cv-2244, Dkt. 348, at 12 n.7 (D.D.C. Oct. 24, 2014). And in the interest of precision, the Court should adjust this estimated 2023 rate based on how much time has elapsed in 2023 when the Court enters judgment. *See Lonquist v. Islamic Republic of Iran*, No. 17-cv-1630, Dkt. 45, at 26 n.3 (D.D.C. Aug. 31, 2020).

7. For purposes of calculating Plaintiffs' proposed damages, Plaintiffs have assumed a judgment date in this action of April 5, 2023, in accordance with the Court's direction. *See* Dkt. 99, at 1. Based on the aforementioned iterative calculation, the multiplier from 2015 through 2022 is 1.37764. Thus, the final step is to multiply 1.37764 by 0.04368 (the estimated prime rate

---

<sup>2</sup> *See Owens v. Republic of Sudan*, No. 01-cv-2244, Dkt. 300, at 18 nn.9–10 (D.D.C. Mar. 28, 2014); *Owens v. Republic of Sudan*, No. 01-cv-2244, Dkt. 348, at 12 nn.6–7 (D.D.C. Oct. 24, 2014); *Mwila v. Islamic Republic of Iran*, No. 08-cv-1377, Dkt. 89, at 15 n.7, 16 n.8 (D.D.C. Mar. 28, 2014); *Khaliq v. Republic of Sudan*, No. 10-cv-356, Dkt. 41, at 8 nn.4–5 (D.D.C. Mar. 28, 2014).

<sup>3</sup> For the average prime rate for each year since the embassy bombings, see Dkt. 74, ¶ 59 n.3. When Plaintiffs originally calculated damages in the July 14, 2022 Declaration, the average prime rate for 2022 was not yet available, so Plaintiffs estimated that rate using the average of the previous five years. *See id.*, ¶ 60 & n.7. Since the actual average prime rate for 2022 is now available (4.86%), Plaintiffs use that rate for 2022 in all of the updated calculations herein instead of the estimated 2022 rate that Plaintiffs had previously calculated (4.216%).

<sup>4</sup> The prime rates for the previous five years (2018 through 2022) were 4.91% (2018), 5.28% (2019), 3.54% (2020), 3.25% (2021), and 4.86% (2022). Thus, the average of these rates is  $4.368 = (4.91 + 5.28 + 3.54 + 3.25 + 4.86) / 5$ .

for 2023 based on the average prime rate for the last five years), and to multiply that amount by 0.26027, since 26.027% of the year 2023 will have elapsed on April 5, 2023, and then to add that product to 1.37764. This yields a final multiplier for the *Owens*, *Mwila*, and *Khaliq* Plaintiffs of **1.39330**.<sup>5</sup> To calculate total compensatory damages for each *Owens*, *Mwila*, and *Khaliq* Plaintiff—with prejudgment interest included—the Court should multiply the compensatory damages that each Plaintiff seeks (which again is equal to the amount of prior compensatory damages they were awarded for their injuries in the bombings minus any recoveries) by 1.39330, as reflected in the table appended to this Second Supplemental Declaration and included in Plaintiffs’ Further Updated Proposed Default Judgment.

8. In keeping with Judge Bates’ method of calculation, this Court should calculate prejudgment interest for Plaintiffs encompassed by the *Lonnquist* judgment as follows: Since Judge Bates calculated prejudgment interest through August 31, 2020, this Court should begin with September 1, 2020 through December 31, 2020. The first step is to multiply \$1.00 by the average federal prime rate for 2020 (3.54%), then to multiply that amount by 0.33333 (since Judge Bates had calculated that 66.67% of the year had elapsed as of August 31, 2020), and then to add that amount to \$1.00, which yields 1.01180. The next step is to multiply 1.01180 by the average prime rate for 2021 (3.25%) and to add that amount to 1.01180, which yields 1.04468. The next step is to multiply 1.04468 by the average prime rate for 2022 (4.86%) and to add that amount to 1.04468, which yields 1.09545. The next and final step is to continue that iterative process for

---

<sup>5</sup> The full calculation is as follows:  $1 + (1 * 0.0326) + (1.03260 * 0.0351) + (1.06884 * 0.041) + (1.11267 * 0.0491) + (1.16730 * 0.0528) + (1.22893 * 0.0354) + (1.27244 * 0.0325) + (1.31379 * 0.0486) + (1.37764 * 0.04368 * 0.26027) = \mathbf{1.39330}$ . If the Court enters judgment on a date after April 5, 2023, and wishes to adjust interest for 2023 based on the date of judgment, then this calculation would be the same, except that 0.26027 in the last calculation would be substituted with the applicable percentage based on how much time has elapsed in 2023 as of the date of judgment.

2023. Since the average prime rate for 2023 is not yet available, the Court should estimate the 2023 rate based on the average of the previous five years (4.368%). *See supra*, ¶ 6 & n.4; *Owens*, No. 01-cv-2244, Dkt. 348, at 12 n.7. And in the interest of precision, the Court should adjust this estimated 2023 rate based on how much time has elapsed in 2023 at the time the Court enters judgment. *See Lonnquist*, No. 17-cv-1630, Dkt. 45, at 26 n.3. For purposes of calculating Plaintiffs' proposed damages, Plaintiffs have assumed a judgment date of April 5, 2023, in accordance with the Court's direction. *See* Dkt. 99, at 1. Thus, the final step is to multiply 1.09545 by 0.04368 (the estimated prime rate for 2023), and to multiply that amount by 0.26027, since 26.027% of the year 2023 will have elapsed on April 5, 2023, and then to add that product to 1.09545. This yields a final multiplier for the *Lonnquist* Plaintiffs of **1.10791**.<sup>6</sup> To calculate total compensatory damages for each *Lonnquist* Plaintiff—with prejudgment interest included—the Court should multiply the base compensatory damages that each *Lonnquist* Plaintiff seeks by 1.10791, as reflected in the table appended to this Second Supplemental Declaration and included in Plaintiffs' Further Updated Proposed Default Judgment.

9. Since Daniel Briehl and Gary Cross have not previously obtained judgments, the Court should calculate prejudgment interest for these two Plaintiffs as follows: The first step is to multiply \$1.00 by the average federal prime rate in 1998 (8.35%), then to multiply that amount by the percentage of the year remaining from August 7, 1998 (the date of the embassy bombings) to December 31, 1998 (40.0%, as Judge Bates calculated in *Lonnquist*, No. 17-cv-1630, Dkt. 45, at

---

<sup>6</sup> The full calculation is as follows:  $1 + (1 * 0.0354 * 0.33333) + (1.01180 * 0.0325) + (1.04468 * 0.0486) + (1.09545 * 0.04368 * 0.26027) = 1.10791$ . If the Court enters judgment on a date after April 5, 2023, and wishes to adjust interest for 2023 based on the date of judgment, then this calculation would be the same, except that 0.26027 in the last calculation would be substituted with the applicable percentage based on how much time has elapsed in 2023 as of the date of judgment.

26 n.3), and then to add that amount to \$1.00, yielding 1.03340. The next step is to multiply 1.03340 by the average prime rate for 1999 (8.00%) and to add that amount to 1.03340, yielding 1.11607. This iterative process should be continued through 2023. Since the average prime rate for 2023 is not yet available, the Court should estimate the 2023 rate based on the average of the previous five years (4.368%). *See supra*, ¶ 6 & n.4; *Owens*, No. 01-cv-2244, Dkt. 348, at 12 n.7. And in the interest of precision, the Court should adjust this estimated 2023 rate based on how much time has elapsed in 2023 at the time the Court enters judgment. *See Lonquist*, No. 17-cv-1630, Dkt. 45, at 26 n.3. For purposes of calculating Plaintiffs' proposed damages, Plaintiffs have assumed a judgment date in this action of April 5, 2023, in accordance with the Court's direction. *See* Dkt. 99, at 1. Thus, the final step is to multiply the multiplier through 2022 (3.22010) by 0.04368, then to multiply that amount by 0.26027, since 26.027% of the year 2023 will have elapsed on April 5, 2023, and then to add that product to 3.22010. This yields a final multiplier for Briehl and Cross of **3.25670**.<sup>7</sup> To calculate total compensatory damages for Briehl and Cross—with prejudgment interest included—the Court should multiply the base compensatory damages that Briehl and Cross each seek by 3.25670, as reflected in the table appended to this Second Supplemental Declaration and included in Plaintiffs' Further Updated Proposed Default Judgment.

\* \* \*

---

<sup>7</sup> The full calculation is as follows:  $1 + (1 * 0.0835 * 0.4) + (1.03340 * 0.08) + (1.11607 * 0.0923) + (1.21909 * 0.0691) + (1.30332 * 0.0467) + (1.36419 * 0.0412) + (1.42039 * 0.0434) + (1.48204 * 0.0619) + (1.57378 * 0.0796) + (1.69905 * 0.0805) + (1.83582 * 0.0509) + (1.92927 * 0.0325) + (1.99197 * 0.0325) + (2.05671 * 0.0325) + (2.12355 * 0.0325) + (2.19257 * 0.0325) + (2.26382 * 0.0325) + (2.33740 * 0.0326) + (2.41360 * 0.0351) + (2.49831 * 0.041) + (2.60075 * 0.0491) + (2.72844 * 0.0528) + (2.87250 * 0.0354) + (2.97419 * 0.0325) + (3.07085 * 0.0486) + (3.22010 * 0.04368 * 0.26027) = \mathbf{3.25670}$ . If the Court enters judgment on a date after April 5, 2023, and wishes to adjust interest for 2023 based on the date of judgment, then this calculation would be the same, except that 0.26027 in the last calculation would be substituted with the applicable percentage based on how much time has elapsed in 2023 as of the date of judgment.

10. In sum, as reflected in the table appended to this Second Supplemental Declaration and included in Plaintiffs' Further Updated Proposed Default Judgment, Plaintiffs request base compensatory damages of \$1,365,542,626.56; total compensatory damages of **\$1,905,269,836.12** (*i.e.*, base compensatory damages plus \$539,727,209.56 of prejudgment interest); punitive damages of **\$3,291,109,761.26**; and a total award (total compensatory damages plus punitive damages) of **\$5,196,379,597.38**, plus postjudgment interest. Plaintiffs respectfully request that the Court enter an order awarding these damages, adopting the table appended to this Second Supplemental Declaration and included in Plaintiffs' Further Updated Proposed Default Judgment.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed in Washington, D.C. on March 24, 2023
